EXPERIENCE

Product Manager II

Nielsen

10/2025 - Present Bengaluru

- Driving operational efficiency by building end-to-end self-install digital workflows for U.S. households empaneled in audience measurement programs, reducing installation friction and dependency on field operations

Product Manager, AI & Automation

Amber

09/2022 - 09/2025 Pune, India

- Automated 30% of support queries by launching AI-driven workflows for lead qualification, property recommendations, and booking assistance across web and WhatsApp channels
- Devised LLM-as-a-Judge framework to perform automated quality checks of the output, validate the compliance of the SOP, and iteratively fine-tune the instructions and workflows, resulting in greater accuracy and sustained CSAT scores
- Unified 500K+ monthly interactions across tickets, emails, WhatsApp, and voice into a single CRM view, boosting agent efficiency and better manager oversight
- Boosted booking conversions by 10% through a branded video co-browsing platform using AWS Chime, enabling visual property presentations for high-value group and parent-led bookings
- Managed \$200K+ cashback payouts with an end-to-end cashback tracking system, improving transparency, reducing negative reviews due to CB delays by 15%, and speeding up reconciliation
- Cut operational costs by 20% by migrating the voice platform from Twilio to Plivo, improving call quality in India by routing domestic carriers with zero downtime

Program Manager, Capacity Planning

Amazon

06/2021 - 06/2022 Hyderabad, India

- Developed advanced forecasting solutions - predicting headcount needs across 8 support teams in U.S. middle mile logistics, quantifying technology ROI through targeted pilots to determine feasibility of enterprise initiatives
- Led strategic capacity planning - Orchestrated cross-functional resource allocation for peak holiday season (Black Friday/Cyber Monday), ensuring SLA compliance across all logistics support functions

Assistant Manager, Engineering

GRSE

11/2016 - 05/2019 Kolkata, India

- Led multidisciplinary engineering teams in naval vessel design and construction

Naval Architect

Cybermarine

07/2015 - 10/2016 Navi Mumbai, India

- Designed and analyzed naval vessel structures and systems
